GREENFIELD COMMUNITY COLLEGE

MARCH 21, 1969

## REQUIESCAT IN PACE (rest in peace!)

After being on the critical list for many weeks, the 1969 yearbook passed away Monday night. Present at the demise were members of the staff including Ray Smith, Robin Cox, Jean Green, Gini Hathaway, Cal Parsons, and Dave Brennan. Also, Bob Jackson, a close friend, was present.

Reasons for the death of Proteus were given as lack of support by the students of G.C.C., the inability of the staff to get together and become a single working body, and suggestions from several members of the administration that unless Proteus can be revived, we should seriously consider "putting it to sleep."

It was hoped that a general surgical meeting several weeks ago would give the yearbook the needed strength to survive, and the donations of businesses in the area, and the energetic work of various interested students seemed to help, but then Proteus took a turn for the worst.

Last Friday a meeting was held by Mr. Keir, Mr. Lee, and Jean Green, last rites were administered, and the vigil began.

Surviving the 1969 yearbook is the 1970 yearbook, and Jean Green is receiving callers to help her comfort the survivor. Any first year students who wish to help, please contact her.

The funeral was private, and the estate is now being settled. Any students who were mentioned in the will of Proteus '69 will soon be contacted. Let us hope that Proteus '70 will be healthy and active. D.M.B.

## EDDIE TORIAL (S)CRAWLS AGAIN.....

It has been said more than once that one of G.C.C.'s major problems is an attitude among students that G.C.C. is grades thirteen and fourteen--a mere continuation of high school. It seems there should be some way of changing the old attitude to a new attitude of "this is a college; we are college students." Collage has some suggestions.

In the first place, the habit of calling our professors "teachers" should be actively discouraged. Our faculty is promoted in the same manner as the faculties of four year colleges. That is, from instructor to full professor. Our faculty has the same qualifications as those from four year colleges. They deserve, at the very least, to be addressed as "Professor."

There should be a convocation at the beginning of each academic year, with faculty in full regalia. This practice would promote college spirit and high morale among the new students, and hopefully endow them with the already mentioned new attitude from the start.

Lastly, the "Grounds Committee" (if it exists) should plant some lush ivy around the Main, West, and South buildings and allow it to flourish on the outside of said buildings at the same time students' minds are flourishing within the ivy-covered walls. M.L.P.

## CAN YOU PLAY TENNIS?

Any student interested in forming a tennis team please contact Steve Scherer at 625-2916, or sign your name and telephone number on the tennis team poster which will be posted in the main hall, first floor as of Monday March 24. Plans are still in the tentative stage, however if we can get 6 or 7 fairly proficient players we will be ready for competition. Thank you, hope to hear a little noise soon.

## SOPHOMORE ELECTIONS

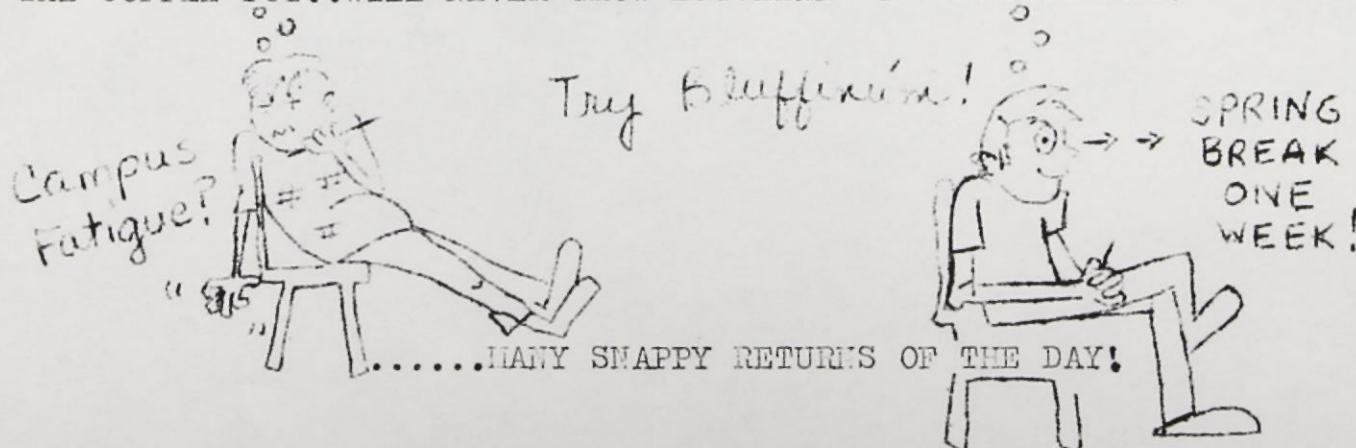

My name is Steve Scherer and I'm your S. C. representative. I would like to remind you that Sophomore class elections are around the corner. A Student Government Convention will be held on Wednesday, March 26. At this time nominations will be accepted for class president, S. C. President, treasurer, and hopefully 4 representatives. Surely would be nice to see a few new faces. Drop in and bring a little enthusiasm with you as well as your nominations.

## YOUR WHAT IS MISSING?

"Hello, F. B. I. Headquarters, Bureau of Missing Persons. Your Guano is missing? Tell me kid, what's a Guano? Don't tell me to look it up in my Funk and Wagnals. What's a Guano? It's what? What is this, one of those filthy anonymous phone calls? Oh, I see. Guano is the name of your school's underground newspaper. In fact, it's so underground no one knows what it's been doing the last couple of weeks. Well kid, I'll tell you. You go look for a dirty bird and your Guano will be near. C. E. M.

The prison on Elm Street wants books for its inmates. Do you have any interesting books around the house you would care to share? Bring them to Mrs. Johnson in the library.

A BIT OF IRISH PHILOSOPHY: YOUR POT OF GOLD AT THE BOTTOM OF THE COFFEE POT..WILL NEVER GROW EGGSHELLS IN A MUDPUDDLE.

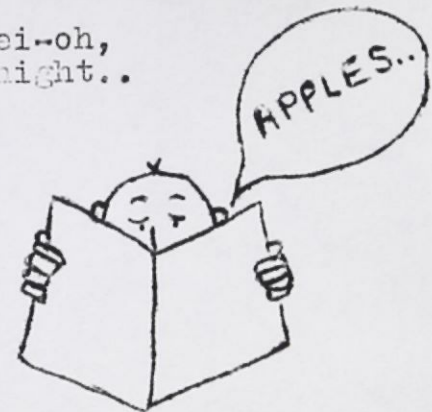

On Wednesday, March 19, 1969, President Turner received a call from Rep. Silvio Conte confirming a one million dollar grant from the Department of Health, Education and Welfare in Washington to Greenfield Community College. This grant will go towards the building of our new campus. "We should begin moving dirt around this summer," said Dr. Turner. The new school should be ready by 1971-72. An additional \$680,000 is expected from the Federal Government in about a month. A telegram of congratulations was also received from Senator Ted Kennedy. RAC

# SATURDAY NIGHT!

"Ah, shut yer smokey mouth", unless you're using it to tell folk about our play Saturday night at 8:30. It's a fine performance..and it's FREE! Where could be a better place to take your date, or spend an evening, than in the run-down apartment of the Stockstill's, a lower-east-side-over-looking-the-lower west side ONE HUNDRED AND FIRST family. David Brennan plays Frank Stockstill, the man who "didn't know what he done to deserve" such a family. Holly White plays his wife, Ethel, a "slowly, dumpy broad with a dirty mouth." Barb Howitt (the favorite indoor sport for five blocks around) plays Ethel's daughter, Mary Agnes. Chuck Milkey plays Tommy, a nine year old mental idiot, his "father's son." Peg Bennett, plays Frank Stockstill's mother, a "pain in the posterior" since the day he met her, and Cindy Carver represents form L-17-59B from the uptown charity office. Robin, or "Mrs. Sump" as she is affectionately known at P.S.109 where she pushes reefers, and Dave Podlenski, as Mr. Gann, who is monetarily tied up with his wife's suicidal psychoneurosis, play the universal "intrafering" neighbors. Bryan Wynn, Bob Blake, Bud Record, Bill Greve, and Richard Chagnon are the "miracles of modern jurisprudence" in two courtroom scenes.

"Coming??" RAC

# SUNDAY NIGHT!

The Buffalo Meat Experimental Theatre Company will do their thing in a play called "ROOMER."
